Great car, great service, great time. One thing though is the rear view mirror is actually a camera, So it took some time getting use to it. Would have loved to have the option to turn it on and off. But other than that, everything was fine.

Your response

Thank you Dwaine. Yes, the van has many features designed for safety. I am glad that your overall experience was excellent.

Chrysler Town & Country 2016

We enjoyed our rental experience very much! We had to cancel with our then rental company due to some issues on their end and that had caused quite the problem. A friend recommended Turo and after looking into it I was nervous, but after finding Artis with his great rating and reviews, I decided to go for it. He had exactly what we needed for the time we needed it and the booking was made very last minute, as in the day before. The car drove well, fit all 7 of us and our luggage comfortably. We even asked to extend our trip a day and he accepted. Will definitely be booking again if the need arise!

Your response

Thank you Anysa. It was our pleasure to host your family's trip. It is happy to read that our maintenance staff is providing great service as well. Please keep us in mind for your next trip.

My family had a road trip planned and the day we were supposed to leave, the A/C in my truck went out. My wife refused to drive 8 hours with no air. We got lucky and came across Artis's 2017 Kia Sorrento. This was SUPER last minute, but Art came through in the clutch. Very clean, easy to pick up and drop off and Ice Cold  air. Glad we were able to find him on super short notice. Hopefully we won't need him again, but in the clutch he came through

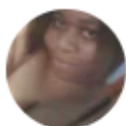

Your response

Thank you Philip. We are happy to have assisted in your families road trip success in spite of your personal vehicle issues. Thank you for your trust in our vehicles.

Dominique February 21, 2024

Chrysler Town & Country 2013

This is my second time renting from this host and I will continue to use his service. The only con was catching a flat tire which caused me to end my trip sooner than I planned, but after speaking with the host , he reimbursed me for what I spent. He handles everything with care and professionalism which makes me trust him and his vehicles. Definitely my favorite host from Turo just bummed about the tire and experience which was horrible and scary but that was out of my control and the host control but the way he handled it is what makes me want to continue doing business with him .. FIVE STARS ALWAYS

Your response

Thank you Dominique. We were also bummed out after learning of your issue. We most certainly do not want you to incur any additional costs associated with our vehicle that is out of both our control. Please feel assured that we will do everything in our power to ensure a safe and dependable trip for you and your family.
